UNIVERSITY OF LOUISIANA AT LAFAYETTE  
*The One-hundred and Seventy-Sixth  
Commencement Exercises*

*University of Louisiana at Lafayette*

*Alma Mater*

*Alma mater, beloved old Southwestern,  
Pride of our Southland so fair!  
Oaks and pines and sweet magnolia's beauty,  
Show forth thy charms so rare,  
Alma mater, for honor, truth and wisdom  
Thy halls for aye shall stand  
Loyal sons and daughters sing  
Proclaiming here's my heart and hand.*

*Ragin' Cajuns® Fight Song*

*Fight on, Cajuns, fight on to victory  
For the Red and White,  
We will sing of triumph and glory,  
For our team tonight,  
You will hear the rage of the Cajuns,  
So let's give a yell, (Aiyee!)  
Hustle up and bustle up and  
Fight on to victory - Geaux UL*

# WELCOME

*Louisiana Welcome Wall*

## Welcome, Family and Friends

**T**he University of Louisiana at Lafayette welcomes you, the families and friends of our distinguished graduates. UL Lafayette isn't just a university. It's a community and you're an important part of it.

Since its founding in 1898, the University has been dedicated to improving the lives of its students. Each academic year, more than 3,000 students receive degrees.

We join you in honoring our graduates and celebrating their accomplishments as they begin a new chapter in their lives.

## Walk of Honor

**V**isitors to the UL Lafayette campus enjoy looking for graduates' names on the Walk of Honor. The walkway is paved with bricks engraved with graduates' names, arranged alphabetically by year. The bricks begin near Martin Hall with the Class of 1903, fill the arched walkways and sidewalks of the Quad, line Boucher Street and continue along McKinley Street. Those who earn multiple degrees from UL Lafayette receive a brick for each graduation year.

# ABOUT THE UNIVERSITY

The University of Louisiana at Lafayette has a reputation for academic excellence, community service and its Ragin' Cajuns spirit.

Established July 14, 1898, it is the largest university in the University of Louisiana System and the second largest in the state. It has one of the highest graduation rates among Louisiana's public universities.

The Carnegie Classification of Institutions of Higher Education, the leading framework for describing the nation's colleges and universities, has designated UL Lafayette an R1, its top tier. Just 3% of higher education institutions in the U.S. have achieved R1 status.

Nearly 19,000 students choose to attend UL Lafayette each fall.

To ensure them a strong academic foundation and the best opportunities to compete in the global job market, the University offers contemporary degrees and many online options.

UL Lafayette has been ranked among the best universities in the nation by *U.S. News & World Report* and *The Princeton Review*.

The University is one of the nation's top 26 institutions for increasing graduate rates for underrepresented minorities over the past decade. It was recognized by the Education Trust, a national non-profit advocacy group, for improving graduation rates for Black, Hispanic and Native American students.

The University regularly receives support from the National Science Foundation, which funds only the most innovative research. In addition, ten faculty members have earned the NSF's CAREER Award, given to outstanding researchers who have potential for leadership in their fields.

Community service is an essential component of the learning experience at UL Lafayette. It's a course requirement for all first-time freshmen, for example. Each academic year, students contribute about 150,000 hours of service as part of University courses. That service has an estimated value to Lafayette and surrounding region of about \$1.8 million.

Some students also participate in UL Lafayette's AmeriCorps Community Service Program. Established in 1995, it is the only campus-based program in the state and is one of the oldest in the nation.

Louisiana's diverse cultures are reflected in the University's academics. For example, the archives of the Center for Louisiana Studies include one-of-a-kind recordings of Cajun and Creole musicians, oral histories and storytelling. UL Press specializes in books related to Louisiana, producing award-winning academic titles as well as best-selling general interest books.

UL Lafayette's Francophone studies doctoral degree program is the only one of its kind in the state. And, students may study roots music to earn a bachelor's degree in traditional music, one of only a handful of such programs nationwide.

The University has an extensive economic impact on the state and in the region. According to an independent study, residents who are UL Lafayette graduates add \$2.2 billion to the state's economy. Also, every \$1 of state funds invested in the University has a return of \$8. In the years to come, UL Lafayette's impact on the economies of Louisiana and Acadiana is likely to be even greater than it is today.

## University Seal

The seal was adopted May 11, 1926, when UL Lafayette was known as Southwestern Louisiana Institute. Dr. Edwin Stephens, the University's first president, helped design it, along with Ellsworth Woodward, director of the Newcomb College art school, and John McBryde, a professor at Tulane University. Elements of the seal reflect Louisiana's history as both a French and Spanish colony. The three fleurs-de-lis refer to France, while the castle denotes Louisiana's connection to Spain. The pelican is symbolic of Louisiana. Oak leaves represent the strength and endurance of the oak tree.

The seal includes the Latin motto "Fortier, Feliciter, Fideliter," which means "bravely, happily, faithfully."

The institution's name was updated in 1960, when it was recognized as a university and became the University of Southwestern Louisiana. In 1999, USL's name was changed to the University of Louisiana at Lafayette to better reflect its stature as the state's second-largest university and an institution with statewide and national — rather than regional — influence. In that same year, the seal was modified to include elements of the Acadian and Creole flags to reflect the University's cultural diversity. The gold star on a white background symbolizes Acadian culture; the red, gold and green stripes represent West African heritage.

# ABOUT THE UNIVERSITY

## Academic Dress and Heraldry

The academic dress worn by the faculty and administration in the procession today originated in medieval universities of Europe, where instructors were priests and members of religious orders. Students were clerks in holy orders, monks or priests themselves. In the unheated buildings, they wore habits with cowls, or hoods, that could be pulled over their heads for warmth.

In 1894, a commission of American educators met at Columbia College with the leading supplier of academic robes. It created a dress code that was eventually accepted by almost all universities and colleges in the United States. The code was modified slightly in 1932 and remains in use today.

Typically, degree candidates wear black gowns. At UL Lafayette, bachelor's gowns and doctor's gowns are vermilion; master's gowns are black. The University's distinctive fleur-de-lis is incorporated in the design of its graduation gowns.

Bachelor's gowns have pleated fronts, semi-stiff yokes and pointed sleeves. They are worn closed. The master's gown is worn open, with the forearm protruding through an opening in the long sleeve. The doctor's gown, also worn open, is more formal, with velvet panels around the neck that extend down the front edges. Three horizontal velvet bars are placed on the upper arm of a squared sleeve. The velvet is usually black, but may instead be a color that reflects the academic discipline related to the degree. The mortarboard is the usual headwear.

The most notable feature of academic dress is the hood, reminiscent of the monks' head coverings. The colors of the lining, folded so that they are exposed in the back, are the official colors and pattern of the university from which the individual received a degree. For those who have received a degree from UL Lafayette, for example, the hood is lined in vermilion with a white chevron. The master's hood is three and one half feet long, the doctor's hood, four feet.

The color of the velvet border on the hood indicates the academic discipline of the individual's degree. For example, the Ph.D., or doctor of philosophy degree, is identified by a blue border. Colors worn by members of the procession at UL Lafayette reflect its academic diversity; faculty members have earned advanced degrees from institutions across the United States, as well as abroad.

## Fleur-de-lis

UL Lafayette's fleur-de-lis is a federally registered symbol. Historically, the fleur-de-lis has been associated with the French monarchy, and used in other political and religious contexts.

The University has used a fleur-de-lis as part of its identity since 1926, when three fleurs-de-lis were introduced in its seal.

## Presidential Regalia

The University president wears a handcrafted medallion, a miniature of the University seal, during Commencement and other formal events. Its chain includes small plates engraved with the names of the institution's presidents.

UL Lafayette President Dr. E.

Joseph Savoie also wears a lapel pin that once belonged to Dr. Edwin Stephens, the University's first president, who served from 1900 to 1938. The pin's design features the letters, "SLII," which stand for Southwestern Louisiana Industrial Institute. Stephens gave the pin to Dr. Joel Fletcher, the institution's third president, who served from 1941 to 1966.

Fletcher passed it down to his grandson, who gave it to Savoie as an inauguration gift in 2009.

## University Ring

UL Lafayette's ring signifies the bond between the University's graduates and their alma mater. The red stone represents the University's primary color, vermilion, and also features its fleur-de-lis. The design incorporates other elements and images of campus life, including cypress and oak trees, the University's seal, and Martin Hall, the main administrative building. Inside each ring is the inscription, "heart and hand" — the final three words of the University's alma mater.

# A MESSAGE FROM PRESIDENT SAVOIE TO NEW GRADUATES

Dear members of the Class of 2024,

With these Commencement exercises, the University's observance of its 125th birthday is coming to a close. The past year has been filled with nostalgic reminders of how far we've come in that long history and a definite sense of momentum that will move us beyond 125.

As part of our birthday celebration, the University hosted an Academic Showcase earlier this spring. Walking through the Student Union, you could feel the energy and excitement as faculty and staff members and students displayed work that places them on the front lines of some of society's great challenges and on the cutting edge of emerging issues, too.

There was also a historical exhibit that chronicled and encapsulated the past century and a quarter. With each panel – there were 20 in all – the dynamism and progress that fueled our success increased, and the achievements it revealed left no doubt how we moved beyond our humble beginnings to become the top-tier university we are now.

As many visitors did, I spent time reading and reflecting on the exhibit. As I reached its end, there was a spot between the final panel and the wall. And I thought to myself, this is where the next chapter will go.

Graduates, your next chapter awaits, too.

In classrooms, in labs, in competition, and through volunteer and service-learning activities, each of you, as students, helped sustained the University's ability to fulfill one of its greatest responsibilities – to serve our region and the people who call it home. And you've learned skills, attained knowledge and discovered within yourselves abilities you'll carry no matter where life's path may lead.

Our University is better because you chose it as the place to pursue your dreams. And it's now time to take everything you've learned here and write the next chapter in your life's evolving story.

Here's hoping it will be a blockbuster!

Congratulations, graduates, and Geaux Cajuns!

Dr. Joseph Savoie  
President

Dr. E. Joseph Savoie became the University's sixth president in 2008. Under his leadership, the University of Louisiana at Lafayette continues to concentrate on providing students with a high-quality education and a fulfilling college experience.

The University's president is known for successfully building strategic partnerships, especially within higher education. He served as Louisiana's Commissioner of Higher Education for 12 years, providing advice and policy direction for higher education across the state.

The president earned bachelor's and master's degrees from UL Lafayette, where he previously served as the University's first vice president for University Advancement. He also holds a doctorate in educational leadership from Columbia University's Teacher's College in New York.

He and his late wife, Gail Heinbach Savoie, have a daughter, Blaire; a son, Adam; and a granddaughter, Addison Marie.

# EMINENT FACULTY AWARDS

## 2024 Eminent Faculty Award Recipients

### Distinguished Professor Award

Dr. Terrence Chambers

**Dr. Terrence Chambers** holds the Donald and Janice Mosing BORSF Endowed Chair in Mechanical Engineering in the College of Engineering. His research of solar and renewable energies was integral in the creation of the Louisiana Solar Energy Lab at University Research Park and the Cleco Alternative Energy Center in Crowley, La. His wide-ranging expertise in solar energy technologies includes photovoltaics, solar thermal, thermal energy storage and systems design. He also leads the University's Green Hydrogen Center of Excellence.

**W. Geoff Gjertson** is a professor of architecture for the School of Architecture and Design in the College of the Arts. He is a licensed architect and director of the University's Building Institute. The institute offers students instruction and hands-on experience in designing and building sustainable homes. It also helps to coordinate a range of community-focused projects in urban neighborhoods. Gjertson's research interests include design pedagogy, community and professional practice engagement, and building science and material research.

W. Geoff Gjertson

### Dr. Ray P. Authement Excellence in Teaching Award

Dr. August Gallo

**Dr. August Gallo** is a professor and an accomplished researcher in the Department of Chemistry in the Ray P. Authement College of Sciences. His interests in the field of organic chemistry include researching heterocyclic compounds, which have structural entities found in many pharmaceutical drugs. Another research interest is natural products chemistry, particularly native Louisiana plants that exhibit pharmacological activity. Gallo also conducts interdisciplinary research, examining the formation of biodiesel from feed stocks such as alligator fat.

**Marissa Lajaunie** is a senior instructor who teaches a range of courses for the Department of Health Sciences in the College of Nursing & Health Sciences, including a health education course that focuses on professional values, ethics and legal issues. She is faculty advisor for the Health Information Management Society student organization. Lajaunie is a registered health information administrator. She has held leadership positions with the Louisiana Health Information Management Association, and earned the association's Outstanding Volunteer Award.

Marissa Lajaunie

### Leadership Service Award

Scott Durbin

**Scott Durbin** holds the Drs. Chuck and Sue Lein/BORSF Endowed Professorship in Music Business in the College of the Arts. He also leads the School of Music and Performing Arts' music business program. The program provides students with instrument training coupled with instruction in areas such as music production, management, entrepreneurship and marketing. Durbin's extensive industry experience includes co-founding and performing in the Emmy Award-winning children's TV show "Imagination Movers," which aired on the Disney Channel.

## Alumni Association

### Welcome to the Family

Class of 2024, Congratulations! You have earned your degree from the University of Louisiana at Lafayette, what an exciting time! We are honored to officially welcome you to the UL Lafayette Alumni Association: your home away from home.

There's no better time to be an alum of the University of Louisiana at Lafayette. The University is experiencing powerful momentum as it creates the next generation of leaders and innovators. As alums, we generate **\$2.2 billion** in added income for the state economy. We support in impactful ways no matter who we are, where we live, or what we do.

### A Tradition of Service

In 1903, the first graduating class of Southwestern Louisiana Industrial Institute organized the Alumni Association. Those 18 graduates began a tradition of pride and support for their alma mater while maintaining connections with one another.

Those connections continue with you, the University of Louisiana at Lafayette's graduating class of 2024. Your experience with the Alumni Association officially begins upon graduation and stays with you throughout your life. You are now a member of the Alumni Association, welcome to our family!

### Stay Connected

UL Lafayette Alumni are ambassadors of our institution, its values, and its spirit. Alumni contribute to the University of Louisiana at Lafayette for many reasons: lifelong learning, quality education, and the betterment of our University. You can support your alma mater by attending a University function or showing your pride by wearing red and white. Stay involved by joining an Alumni Club or Chapter, which allow alumni near and far to connect and network with fellow Ragin' Cajuns across the country.

Support the UL Lafayette Alumni Association with your annual gift to the Loyalty Fund. By supporting student programs, alumni programs, and academic areas funded by the Alumni Loyalty Fund, you help UL Lafayette to continue as a premier institution of higher learning. As a UL Lafayette graduate or former student, you receive all free member benefits. By selecting one of the Loyalty Fund membership levels, you will access additional benefits and perks based on the level you choose. Please visit: [alumni.louisiana.edu/give](http://alumni.louisiana.edu/give) for more information about paid membership options!

Stay informed about what's happening on campus or in your area by signing up for Alumni Accents: an e-newsletter about upcoming events, University news, notable alumni, and more. Stay current with the Alumni Association and your alma mater by keeping your information up to date on our website: [alumni.louisiana.edu/update](http://alumni.louisiana.edu/update).

## SPRING 2024 OUTSTANDING GRADUATES

The Outstanding Graduate Award is one of the highest honors the University bestows upon a graduating senior in recognition of outstanding academic and extracurricular achievements. Every spring and fall semester, deans from eight academic colleges each nominate a student as an Outstanding Graduate, based on leadership, scholarship and service. A selection committee of the Alumni Association interviews the candidates and selects one to receive the overall award.

Alma Mater and Recessional

Engineering as a separate College was formed in 1940 and included the departments of  
Chemical Engineering, Civil Engineering, Electrical Engineering, and Mechanical Engineering.

Petroleum Engineering was added to the College in 1954.

Industrial Technology became a part of the College in 1985,

and evolved into Engineering Technology in 2022.
